

2027

Accreditation Learning and Support Program

Practical sessions supported by QPA guidance, tools and resources

QUALITY PRACTICE
ACCREDITATION

Preparing for the RACGP Standards for general practices 6th edition does not need to feel overwhelming. Throughout 2027, QPA will step through the major areas of change in six focused webinar sessions. Each session will connect the requirements with practical examples and the wider support practices can use to prepare with confidence.

Program sessions

01 Leading the 6th Edition Governance, Planning and Risk	02 Ready for the Unexpected Response Planning, Climate Risk and Resilience
03 Building a Capable and Supported Practice Team	04 Digital Practice Cyber Security, Privacy and AI
05 Clinical Information That Works Records, Results, Follow-up and Clinical Risk	06 From Feedback to Improvement Consumers, CQI and Sustainability

More than a webinar series

The webinars are one part of QPA's broader education and accreditation support program. The learning continues beyond each session through:

- **Practical tools, templates and resources** to help organise the work
- **Clear explanations and examples** that show what requirements look like in practice
- **Specialist support from the QPA team** when questions arise
- **Ongoing guidance** through Self-Assessment and accreditation preparation

For QPA practices	Not currently with QPA
The program complements the tailored support provided by your Quality Accreditation Manager, including preparation conversations, documentation review and access to QPA resources.	The Accreditation Learning and Support Program is available to QPA practices. If your practice is not currently with QPA, contact us to learn more about the program and the support available. Request a call from QPA

The full six-session program will run approximately every six weeks. Dates and registration details will be announced early in 2027.
